9 Mr Subramanya Iyer's letter input up. He says that Scholar "may attend the office of Govt actuary as S. for three months".

25.6.14

10 Mr. Subramaniya Iyer suggests that the scholar's deputation to the Govt actuary's office may take place after he passes Branches I & II of the Exam in April 1915. In this view I agree. It will be sufficient time if the draft comes about the middle of December. Please put up about that time.

suggests for approval modified proposals in regard to the training of Mr Lakshman Rao the candidate selected for Actuarial training.

In the previous letter sent up in May last the Comptr asked Govt to obtain the permission of the Govt of India to allow Mr Lakshman Rao a short training in the office of the Actuary to the Govt of India. On subsequent consideration the Financial Secretary ordered that the subject should be brought up for consideration in Dec. The Comptr now suggests that Mr Lakshman Rao may now be made to undergo training for the first two exams under Mr Jambu of Bombay as being the most economical course. The Mr Jambu's qualifications are mentioned & the fee suggested is Rs 500 for the entire course of training. Please also see Mr. Subramania letter

13 Considering that the period the Scholar is to spend at Bombay is one till next April or May and the admitted fact that Mr Taraporewala will not be able to give much of actuarial instruction, it is for consideration if the fee of Rs 500 could not be reduced; also if necessary and any portion of this is to be borne by the Scholar × Draft approving of the arrangement is also submitted

SIR,

With reference to Government Order No.Fl.4821B.7-13-4 dated 16th April 1914 granting a scholarship for Actuarial studies to Mr.B.Lakshman Rao, I have the honour to state that it is likely to prove of advantage to him, if during the period of his stay in India he should work for some time in the office of the actuary to the Government of India I therefore beg to suggest that Government may take steps to get the permission of the Government of India for allowing him to work for some time say from three to six months in the office of the Government of India Actuary. In the meantime the scholar will attend our Insurance office when necessary and get an insight into its work and prepare for the preliminary Examinations of the Institute of Actuaries.

SIR,

In continuation of this office letter No.7184/R.595 dated 11th May 1914, I have the honor to state that while Mr. R.Subramani Iyer of Bombay was last here, I discussed with him the arrangements required for training our scholar in actuarial science. He suggested that the period of training in India should be spent in Bombay with his partner Mr. Tambe who is an Associate of the Institute of Actuaries and from whom our scholar may expect considerable help as regards Parts I and II of the Examinations for the Actuaries examination. These examinations do not cover practical training for the Actuaries profession, and the unnecessary cost involved in sending him to England for these examinations will be avoided if the scholar is sent to Bombay. Mr. Tambe, I learn, is prepared to undertake this training for Rs.500/-. I request therefore that you will be so good as to obtain early sanction of Government to the course suggested to enable me to send the scholar to Bombay in time for receiving necessary training for the next examination.

I have the honor to be,
Sir,
Your most obedient servant.
